

NORTH MARION HUSKY BAND

Leaving an event early,

The question of leaving an event with a parent or guardian comes up every year about this time. It is the policy of Marion County schools that students must ride the bus back from an event if they rode it to the event. However, situations do arrive that make it necessary for students to have to leave early from an event with their **parent or guardian**.

Here are the guidelines that must be followed in such a case.

- **The band director must be given written notice in advance of the event.**
- **Band students will only be released to their parent or guardian in person and not brothers, sisters, boy friends, etc.**
- **The student must bring clothes to change into and make arrangements prior to leaving to have all hangers and hat boxes on the truck so that uniforms can be stored properly for transportation back to North Marion.**
- **The student must stow all band gear such as horns, or flags in their cases and place them on the band truck.**

Respectfully,

Matthew Morgan
Director of Bands
North Marion High School
